EXPERIENCE

Software Consultant

Berlin, September 2021 – Present

Solving technical challenges as a Software Consultant. Growing teams and improving processes as an interim CTO/VP of Engineering.

Team Lead (Front-End)

nebenan.de, Berlin, September 2015 – August 2021

Migrated an existing MVP from Angular to React. Worked on the website architecture and various microservices for image processing, machine learning, etc. Recruited and led a team of front-end engineers. Helped with product planning and feature scoping.

Lead Software Engineer

swiftgift.me, London, October 2014 – September 2015

Recruited and led a team of engineers and designers. Helped migrating from an existing Magento website to a custom solution. Worked on product planning.

Senior Software Engineer

moviepilot.com, Berlin, June 2013 – October 2014

Worked on adding new features and improving performance of the main website. Managed tasks for a team of front-end engineers.

Software Engineer (Front-End)

ostrovok.ru, Moscow, May 2011 – June 2013

Worked on the main website and various experimental projects. Developed a mobile version of the website.

Freelance Software Engineer

braincube.ru, Moscow, November 2007 – December 2012

Gathered a group of freelance developers and designers. Acted as a project manager, web designer and a software engineer. Founded a gaming website. Worked as a game developer, community manager and a server administrator.

EDUCATION

Bachelor, Telecommunications Engineering

Moscow Technical University of Communications and Informatics
September 2006 – April 2012

Bachelor, Computer Science

Moscow Institute of International Social and Humanitarian Relations
January 2007 – June 2011
